Reference "Easing Rules for Control of Media"

I and many of my friends and neighbors
vehemently oppose easing any rules. It
puts too much power and influence into
the hands of a few, especially corporations,
the wealthy and political persuaders.

Many of us do not appreciate
listening to, reading and watching TV
that portray "one side of the picture".
We need diversity.

Please do not allow any easing
of rules for Control of Media.

I thank you sincerely.
